

PIMPLES RED AND DISFIGURING

Came on Face, Then on Arms. Itched So Would Scratch. Used Cuticura Soap and Ointment. In Three Weeks Healed.

68 Poplar St., Boston, Mass.—"My trouble began with pimples spreading on my arms. They were very red and itched so that I began to scratch them and that caused eruptions. They first came on my face and they were so red and disfiguring and my face itched so at night that I would scratch them until they became bleeding. I would get to bed about nine o'clock and fall asleep about twelve. I used remedies and creams but in the morning they would be worse. After about five or six weeks I saw the Cuticura advertisement in the paper. I used the Cuticura Soap and Ointment three weeks and I was completely healed. The trouble was gone." (Signed) L. Hammer, Oct. 16, 1914.

It is easy to claim to speedily heal itching skin troubles and to promote and maintain a good complexion, clear skin, clean scalp, good hair and soft white hands but quite another thing to do so. Cuticura has been successfully doing this work throughout the world for thirty-six years.

Sciatica Gives Fair Warning

Start Taking Rheuma at Once and Prevent Rheumatism from Becoming Chronic

Sharp, darting pains from the hips down the legs to the knees are signals of approach of sciatica, and should be treated at once to prevent rheumatism becoming chronic.

Rheuma dislodges the little uric acid crystals in the blood vessels feeding the great sciatic nerve and creates a free movement of the muscles and joints. It stimulates the kidneys, liver, bowels and skin to extra work in throwing off the irritating poisons throughout the system.

Read the testimony of Guy Torley, the great cyclist, of 265 Dayton Ave., St. Paul, Minn.: "I was so crippled with sciatic rheumatism in my hips that I could not walk without crutches. I spent over \$300 without relief. Was persuaded to try Rheuma, and after taking three bottles the rheumatism had entirely left me."

Lee & Osgood and all druggists sell Rheuma. It is good for all forms of rheumatism, and costs so little you cannot afford to suffer for want of it.

SUPERIOR COURT AT WESTERLY

Case of Barber vs Ecclestone on Trial Thursday—Clean-up Week to Begin May 10th—Exhibit of Manual Training Department of the Schools—Boy Scouts' Inspection Set for Monday Evening.

The session of the superior court which has been sitting in Kingston during the past week was resumed in Westernly Thursday afternoon at 2 o'clock with Judge Stearns on the bench. It is expected that the session of the court in Westernly will last about two weeks, there being fifteen cases on the docket awaiting trial.

The first case called was that of Mary T. Barber of Westernly vs. Charles P. Ecclestone of Hopkinton, the plaintiff alleging that she should receive compensation for injuries received when she tripped and fell over a rope the defendant had put across the sidewalk on Main street, when he was moving a coal hoister down the street.

The jury in preparation for the coming summer, there has been no concentrated movement toward a general clean-up campaign, but if plans of the board of trade committee materialize there will be such a clean-up during the week of May 10th when wagons will make their rounds to collect the accumulation of the winter months.

The committee in charge of the campaign consists of Charles J. Butler, A. G. Martin and George W. Titter. A thorough system will be used in collecting the waste material.

The committee has decided to carry the campaign on for the coming year for the benefit of those who have ashes and other rubbish which they desire to have removed. Teamsters who desire to be employed as such are expected to be in the city by the first of the month. The committee is asking for the co-operation of the public in this work which has been successfully carried on in past seasons.

A large number was present Thursday evening to witness the continuation of the annual meeting of the training department of the Westernly

DUTIES AND POWERS OF BANK COMMISSIONER Specified in Act Adopted in House in Conference with Senate.

An act amending an act concerning the appointment of a bank commissioner and abolishing the office of building and loan commissioner, was adopted in the house on Thursday in concurrence with the senate. It reads as follows:

Section 1. Section four of chapter 29 of the public acts of 1915 is hereby amended to read as follows: The bank commissioner, his deputy, or an examiner of the department, shall visit every bank, savings bank, trust company, building and loan association, and mortgage investment company in this state, annually or oftener, and shall personally or by his deputy or an examiner of the department, examine such bank, company, or association, in the presence of one or more of its officers, to ascertain whether it has been managed according to law, and said commissioner, deputy, or examiner may examine any persons unconnected with the management of the bank, or the production of books and papers by suitable process; and in case any person shall refuse to furnish any information requested by the commissioner, deputy or examiner, under authority of any provision of this section, may apply to a judge of the superior court, who shall cause such person to come before him and inquire into the facts set forth in such application, and may thereupon commit such person to jail until he shall comply with such request. The bank commissioner, deputy, or examiner shall not impair any information obtained by them in the course of such examination, except so far as may become necessary in the performance of their duties. Said commissioner shall have power to employ expert real estate appraisers to appraise real estate owned by such bank or any real estate upon which any bank has a mortgage and upon which the interest thereon is more than one year in arrears, at the discretion of said commissioner, and the expense of such appraisal shall be borne by the bank owning such land or mortgage. He shall have authority to prescribe such forms of accounting as may seem to him to be the best interest of the public, when the methods of such bank fail to clearly and accurately show the liabilities, earnings, and a proper classification of its assets. He shall have authority to order all securities kept within the state, except when such securities are held as collateral for the assets of the bank. If any bank are found at a fair market valuation to be insufficient to pay its obligations, the commissioner may order a reduction in the rate or suspension of dividends until such time as the market value of its assets shall be found to be sufficient to retire all liabilities. When the assets of any savings bank are found at a fair market valuation to be insufficient to pay its obligations, the commissioner may order a reduction in the rate or suspension of dividends until such time as the market value of its assets shall be found to be sufficient to retire all liabilities. When the assets of any savings bank are found at a fair market valuation to be insufficient to pay its obligations, the commissioner may order a reduction in the rate or suspension of dividends until such time as the market value of its assets shall be found to be sufficient to retire all liabilities.

Section 2. This act shall take effect from its passage.

Fifty Saloons in New Haven to Quit Business. New Haven, Conn., April 29.—Fifty saloons in New Haven will quit business in a year because of the increased license fee under the act just passed by the legislature.

Seen, But Not Heard. Emperor William refuses to be quoted, but poses for the moving pictures. He objects to being interviewed, but not to being viewed.

Belgium's seaboard is 42 miles in length.

The annual inspection of the Boy Scouts will be held Monday night next, according to the present plans of the scoutmasters. At that time the various exhibits, among which is a wireless demonstration, will be given for the benefit of the state officers of the organization who will be present to review the troop. After the inspection ice cream and cake are to be served. It is expected that a class of 20 boys will be awarded medals of the second class, they having successfully passed the requirements.

Rev. Frederick A. MacDonald, pastor of the Congregational church, conducted the funeral services of Mrs. Mary E. Kiddle, wife of the former senior pastor of the mission, Harry Kiddle, the services being held Thursday afternoon at the home of David Harper on Chester avenue. The bearers were David Shaw, Rasmus Rasmussen, David Harper and Leroy Farnsworth. Burial was in River Bend cemetery.

Attention has been attracted during the past week by the large magnolia tree in the yard of John F. Vose on the Mechanic street. Each year this tree is the source of admiration. A photographer has taken a picture of the tree, so beautiful are its blossoms.

BRIEF STATE NEWS

Hartford.—Mrs. Antoinette S. Cressy of Unionville read a paper on An Ecological Study of the Birds at the meeting of the Hartford Bird Study club in Center church house Wednesday evening.

New Haven.—The Colonial Dames will meet this (Friday) afternoon at the home of Mrs. Henry B. Sargent in Church street. A paper on Colonial Entertainment will be read by Mrs. Robert N. Corwin.

Manchester.—President William C. Cheney of the Chamber of Commerce has named the committee of arrangements for the annual outing, which will take place some time in July.

Deep River.—Eugene O'Leary dislocated his shoulder Monday playing baseball.

New Britain.—Steps are being taken to organize a Polish building and loan association in this city.

Cheshire.—There are now in the reformatory 224 boys, of whom 108 are in the first grade, 111 in the second, and 5 in the third.

Middletown.—By order of the common council, the annual cleanup week in Middletown will begin May 3. The committee in charge will be composed of Mayor Frank A. Coles, Aldermen Reilly, Councilman Ernest L. Clark and Lewis J. Allen of the health and nuisance committee, Dr. Thomas P. Walsh, the city health officer, Chief

Carver were present. A step was taken that marks a new era in Connecticut in the treatment of the wards of the state.

Highway Commissioner Charles J. Bennett and Deputy Richard L. Saunders were present and an arrangement was made for the construction of a modern roadway between Middletown and the reformatory, and possibly on to the macadam in Cheshire. It is a fact that the road was graded for this work when the directors bought the site at Cheshire and the fact that the grading indicated an early building of a good road was an element in their choice. Now the road is to be built.

The reformatory boys are to do the work and the boys who work are to be paid. They are to get 50 cents a day and the money is to be paid to Superintendent Garvin and by him credited to the boys, who, if it seems best, can send it to their homes or otherwise will have it given to them when they are paroled or discharged. This is a long step forward for Connecticut. There will be 50 boys engaged in road building and these will be selected by Superintendent Garvin and the Mutual Welfare league, the organization of inmates, similar to that which Tom Osborne has developed at Auburn and Sing Sing. The project has been carefully worked out by Directors E. Kent Hubbard, Jr. and John P. Elton, and they are the directors to whom the details of arrangement were left by the board. The boys will not wear stripes or distinctive uniforms while at their work. Commissioner Bennett is to provide the material of all kinds and the tools and the boys will furnish the backbone.

The work will begin on Monday, May 10, and it will start at the Middletown end. The boys will probably be taken to the work in trolley cars and their dinner will be taken to them. It is believed that there will be no attempts at escape, as the boys will be selected from among those of best standing and the growth of the Mutual Welfare league has developed a corresponding increase of self respect and good conduct among the inmates. The road which they will build will be of concrete, which is now considered at least the equal of any construction. Commissioner Bennett thinks the new work may be completed in August.

There are now in the reformatory 224 boys, of whom 108 are in the first grade, 111 in the second and five in the third. Two new guards, Messrs. Rigney and Mosen, were sworn in. These men applied to Superintendent Garvin and were accepted by him, and then, to see how it worked, took the civil service examinations. They passed there as they had with him.
